**FLEMING AND BARNES d.b.a. DIMONDALE ADOLESCENT CARE FACILITY  
GROUP HOME CONTRACT COMPLIANCE MONITORING REVIEW**

The Department of Children and Family Services (DCFS) Out-of-Home Care Management Division (OHCMD) conducted a review of Fleming and Barnes d.b.a. Dimondale Adolescent Care Facility Group Home (Dimondale) in July 2011, at which time they had four six-bed sites and eight placed DCFS children.

Dimondale has four sites, two located in the Second Supervisorial District, one located in the Fourth Supervisorial District, and one in the Fifth Supervisorial District. Dimondale provides services to Los Angeles County DCFS and Probation foster youth. According to Dimondale's program statement, its stated goal is "to provide a safe environment for all children in our care where they can achieve a feeling of self worth, an appreciation of community, and a respect for culture, family and each other." Dimondale is licensed to serve a capacity of 24 children, ages 12 through 17.

For purposes of this review, six placed children were interviewed and their files were reviewed (three DCFS and three probation). The placed children's overall average length of placement was one month, and the average age was 15. Two discharged children's case files were reviewed to determine if they were meeting their Needs and Services Plan (NSP) goals and discharged per their permanency plan. Three staff files were reviewed for compliance with Title 22 Regulations and County contract requirements.

*"To Enrich Lives Through Effective and Caring Service"*

One child was prescribed psychotropic medication. We reviewed her case file to assess timeliness of Psychotropic Medication Authorizations (PMAs) and to confirm that documentation was maintained for psychiatric monitoring as required.

### **SCOPE OF REVIEW**

The purpose of this review was to assess Dimondale's compliance with the contract and State regulations. The visit included a review of Dimondale's program statement, administrative internal policies and procedures, six placed children's case files, and a random sampling of personnel files. A visit was made to each group home site to assess the quality of care and supervision provided to children and we conducted interviews with children to assess the care and services they were receiving.

A copy of this report has been sent to the Auditor-Controller (A-C) and Community Care Licensing (CCL).

### **SUMMARY**

Generally, Dimondale was providing good quality care to DCFS and Probation placed children, and the services were provided as outlined in the Agency's program statement. The children interviewed stated that they liked residing in the homes and that they felt safe. The children also reported that they were treated with respect and dignity.

At the time of the review, Dimondale needed to maintain appropriate and comprehensive allowance logs. The Agency needed to develop comprehensive Needs and Services Plans (NSPs) and needed to ensure that DCFS Children's Social Workers (CSWs) were contacted monthly by Dimondale staff and that the contacts were appropriately documented. Dimondale also needed to ensure that all dental examinations were timely.

Dimondale's Administrators were receptive to implementing systemic changes to improve its compliance with regulations and the contract. Further, the Director stated that all of the findings that were brought to his attention would be corrected immediately.

### **NOTABLE FINDINGS**

- Allowance logs were not appropriately maintained. This was immediately brought to the attention of the Director and the Administrator, and the problem was corrected.

- Of the six initial NSPs and three updated NSPs reviewed, none were comprehensive as required in accordance with the NSP template. Dimondale's Director and the Administrator reported that they appreciated the feed back given at the exit conference and that they will continue to work with OHCMD to improve in this area. Dimondale representatives attended the NSP training conducted by OHCMD in January 2012.
- DCFS CSW's were not contacted monthly by Dimondale staff. The Agency was receptive to a monthly CSW log and reported that they will utilize the log. The Agency reported that they will begin contacting the CSWs monthly and appropriately documenting effective immediately.

A detailed report of our findings is attached.

### **EXIT CONFERENCE**

The following are highlights from the Exit Conference held November 23, 2011.

#### **In attendance:**

Ken Fleming, Director; Lyn Ayers, Facility Administrator Supervisor; Lashawn Huggins, Facility Administrator; Lakeisha Horsley, Facility Administrator; Jasmine Collins, Facility Administrator, Dimondale Group Home, and Sonya Noil, Monitor, DCFS OHCMD.

#### **Highlights:**

The Director was in agreement with our findings and recommendations. The Director agreed that the NSPs goals were not attainable. He also stated that the information given was very helpful. The Director agreed that the Agency would improve in every aspect in order to be in complete compliance.

Dimondale provided an approved Corrective Action Plan (CAP) addressing each recommendation noted in this compliance report. The approved CAP is attached.

We will assess for full implementation of the recommendations during our next review.

The following report is based on a "point in time" monitoring visit and addresses findings noted during the July 2011 monitoring review.

**CONTRACTUAL COMPLIANCE**

Based on our review, Fleming and Barnes dba Dimondale Adolescent Care Facility (Dimondale) was in full compliance with seven of ten sections of our contract compliance review: Facility and Environment; Education and Workforce Readiness; Psychotropic Medication; Personal Rights and Social/Emotional Well-Being; Personal Needs/Survival and Economic Well-Being; Discharged Children and Personnel Records. The following report details the results of our review.

**LICENSURE/CONTRACT REQUIREMENTS:**

Based on our review of six children's case files and/or documentation from the provider, Dimondale fully complied with eight of nine elements reviewed in the area of Licensure/Contract Requirements.

We noted that the Agency was not maintaining appropriate and comprehensive allowance logs. One resident did not receive a clothing allowance within 30 days of her initial placement. The Director reported that all residents will receive their clothing allowance within 30 days of their initial placement. He went on to say that the facility managers will ensure that corporate office is aware of the placement date of each resident and will ensure a clothing allowance is issued on or within the thirty day time frame.

**Recommendation:**

Dimondale's management shall ensure:

1. Appropriate and comprehensive allowance logs which document that all children are receiving their required allowances are maintained.

### **MAINTENANCE OF REQUIRED DOCUMENTATION AND SERVICE DELIVERY**

Based on our review of six children's case files and/or documentation from the provider, Dimondale fully complied with 11 of 13 elements reviewed in the area of Maintenance of Required Documentation and Service Delivery.

We noted that the treatment team did not develop comprehensive initial NSPs with the child. The Agency had not contacted the DCFS CSWs monthly and contacts were not appropriately documented.

The Director stated that Dimondale Administrator and Licensed Clinical Social Workers (LCSWs) will ensure that all NSPs/Quarterly reports are comprehensive. Dimondale has retrained all the Administrators and LCSWs.

The Director also stated that Dimondale has implemented the use of a new form, the "Placement Agency Contact Log". All contact that is made with the placement agency will be recorded on this form.

The Director and the Administrator reported that they appreciated the feed back given at the exit conference and that they will continue to work with OHCMD to improve in this area. Dimondale representatives attended the NSP training conducted by OHCMD in January 2012.

#### **Recommendations:**

Dimondale's management shall ensure:

2. The treatment team develops comprehensive initial and updated NSPs with the child.
3. The DCFS CSWs are contacted monthly by Dimondale staff and that the contacts are appropriately documented.

### **HEALTH AND MEDICAL NEEDS**

Based on our review of six children's case files and/or documentation from the provider, Dimondale fully complied with five of six elements reviewed in the area of Health and Medical Needs.

We found that one initial dental exam was not conducted timely. One resident had a Medi-Cal issue which caused her initial dental examination to be three days late. Dimondale staff will ensure that if there is an issue with Medi-Cal, any concerns will be documented in the child's file.

#### **Recommendation:**

Dimondale's management shall:

4. All children receive timely dental examinations.

## **FOLLOW-UP FROM THE OHCMD'S PRIOR MONITORING REPORT**

### **Objective**

Determine the status of the recommendations reported in our prior monitoring review.

### **Verification**

We verified whether the outstanding recommendations from the last monitoring review were implemented. The report was issued July 10, 2011.

### **Results**

The DCFS prior monitoring report contained 14 outstanding recommendations. Specifically, Dimondale was to make sure that common areas are maintained and there was sufficient recreational equipment. Dimondale was to also ensure that each site maintained adequate perishable and non-perishable foods. Dimondale needed to ensure that DCFS CSWs authorized the implementation of NSPs. Dimondale was to ensure that the Group Homes developed comprehensive NSPs. Dimondale was to also ensure that children participated in the development of NSPs and that NSPs were implemented and discussed with staff. The Agency was also to ensure that dental exams are conducted and timely. Dimondale needed to encourage children to create and update a life book/photo album. Dimondale needed to ensure that all staff members signed a criminal background statement, had timely health screenings, and a signed policy and procedure form in their files.

Based on our follow-up of these recommendations, Dimondale fully implemented 12 of the 14 recommendations. Dimondale did not ensure timeliness of the dental exams and NSPs were not comprehensive. Corrective action was requested of Dimondale to further address the recommendations that were not implemented.

### **Recommendation:**

Dimondale's management shall ensure:

5. It fully implements the outstanding recommendations from the prior monitoring report, which are noted in this report as Recommendations 2 and 4 in this compliance report.

## **MOST RECENT FISCAL REVIEW CONDUCTED BY THE AUDITOR-CONTROLLER**

The A-C conducted fiscal review of Fleming and Barnes for the period January 1 through December 31, 2009. The fiscal report dated July 1, 2011 identified \$100 in allowable costs, and \$3,263 in unsupported/inadequately supported costs. Fleming and Barnes has paid its fiscal responsibility in full.

Dear Ms. Sonia Noil

**Plan of Correction: Fleming and Barnes dba Dimondale Adolescent Care Facilities**  
**/Performance Evaluation CAP**

**Licensure/Contract Requirements:** Are appropriate and comprehensive allowance logs maintained.

**Recommendation:** One of the residents did not receive a clothing allowance within 30 days of her initial placement.

**Implementation:** Dimondale will ensure that all residents receive their clothing allowance within thirty days of their initial placement. The managers will ensure that the corporate office is aware of the placement date of each resident and will ensure that the clothing allowance is issued on or within the thirty day time frame. The Facility Administrators will follow up to ensure that it's completed.

**Facility and Environment:** No issues noted

**Maintenance of Required Documentation and Service Delivery: Needs Improvement**

**Recommendation:** Did the treatment team develop comprehensive initial Needs and Services Plans (NSP) with the child? Are DCFS CSW's contacted monthly by the GH and are the contacts appropriately documented?

**Implementation** Dimondale will ensure that all NSPS/Quarterly's are comprehensive. Dimondale has retrained all the Administrators and LCSW's to include the progress that the resident has made with their individual treatment goals. All of the resident's goals will be attainable goals. Dimondale will ensure that the medical, physical, dental and psychological sections will contain a detailed synopsis of the appointment. The Administrators and LCSW's have been re-trained on the importance of ensuring that all of the NSP's and Quarterly's are detailed and contain all of the pertinent information that applies to each resident. The Administrators and or Managers will provide written

documentation when the CSW or the DPO of record was contacted regarding the resident. Dimondale has implemented a new form entitled "Placement Agency Contact Log". All contact that is made with the placement agencies will be recorded on this form. The information will be transferred to the NSP/Quarterly. Administrators will review the NSP's and the Quality Assurance Program Administrator will ensure that all of the above corrections are implemented.  
(Implemented)

**Education and Workforce Readiness: No issues noted**

**Recommendation: Health and Medical Needs: Are initial dental examinations conducted and are initial dental examinations timely?**

**Implementation:** One of the residents had a medi-cal issue which caused her initial dental examination to be three days after the thirty day grace period. She was placed on April 8, 2011 and her initial exam was on May 11, 2011. Three days late. Dimondale staff will ensure that if there is an issue with medi-cal, the child will be taken to the dentist within the thirty day period and we will have the required documentation from the dentist's office to prove that the medi-cal is not currently working. Dimondale staff will write an incident report regarding the issue. Facility Managers will follow-up on all residents to ensure that the initial doctor's visit and dentist visit are completed within the thirty day period.
